Print Preferred Material

Materials should be submitted in press-ready PDF files. All images in the ad should be 300 dpi or higher, and all fonts (screen and printer) must be supplied. Spot colors, unless arranged in advance with your sales representative, will automatically be converted to CMYK. Please be aware that while we make every effort to match color, there may be a color shift due to the process of converting spot colors to CMYK.

Crop and bleed marks should appear outside of the bleed of the ad. When creating the PDF, crop and bleed marks should be turned on, with the Offset set to at least 12 point, or .1667".

In all correspondence, please indicate which publication and which issue the ad is to be published in. Please include the name, phone number, and email address of the designer in the event that we would need to contact them about the ad.
